MetaFrame Presentation Server Client Packager - Version 8.0

Release Date: 4/27/2004

Designed for Microsoft® Windows® XP, 2000, ME, 98, Windows NT®

This client supports
Windows XP, 2000, NT, ME, 98, 95

The MetaFrame Presentation Server Client Packager is an all-in-one client for users of 32-bit Windows (Windows 95 and later) devices. It wraps the following Clients into a single package:

- Program Neighborhood
- Program Neighborhood Agent
- Web Client

You can customize the client packager to deploy and maintain any number and combination of clients network-wide. Based on Windows Installer technology (msi), the client packager lets you install, uninstall, modify, and repair clients as well as perform controlled client upgrades. An easy-to-use wizard guides you through the configuration step by step.
